

## Narangba State School iLearn Program Setting up your child's iPad

Follow these steps to set up your child's iPad for use at school (scan the QR Code for more detailed instructions):

<p><b>Check your child's iPad is capable of running iPadOS 16</b> <i>Settings → General → About</i></p> <p><i>This ensures that your child's iPad will run the required apps for learning.</i></p>		<input type="checkbox"/>
<p><b>Name your child's iPad with their class. Eg John M 3B</b> <i>Settings → General → About → Name</i></p> <p><i>This ensures your child's iPad can be identified via Air Drop and if lost.</i></p>		<input type="checkbox"/>
<p><b>Add a passcode</b> <i>Settings → Face ID &amp; Passcode</i></p> <p><i>This passcode needs to be shared with the classroom teacher so that they can assist your child with any issues that may arise.</i></p>		<input type="checkbox"/>
<p><b>Set a photo of your child's face to the lock screen</b> <i>Take photo, use as wallpaper, and then set as lock screen.</i></p> <p><i>This helps with the identification of the device.</i></p>		<input type="checkbox"/>
<p><b>Create a child Apple ID by setting up Family Sharing</b> <i>Settings → Name / Apple ID → Family Sharing</i></p> <p><i>It is mandatory that the iPad is set up using your child's own Apple ID. This is established through Family Sharing. Please do not establish the iPad with a shared parent Apple ID.</i></p>		<input type="checkbox"/>
<p><b>Download the Intune Company Portal from the App Store.</b></p> <p><i>You will need your child's school email, username and password to sign in. Then follow the prompts. Ensure your child's iPad has the pre-installed Apple apps too.</i></p>		<input type="checkbox"/>
<p><b>Download year level apps from the Company Portal.</b></p> <p><i>App lists found on our school website.</i></p>		<input type="checkbox"/>

A note about personal / home apps:

- Ensure only age appropriate apps are installed on the device. The age limit for most social media, games or entertainment content is 12+. These are, but not limited to apps such as Facebook, Messenger, Snapchat, Instagram, Tik Tok, Roblox, Fortnite etc.
- Any apps that are not on the school app list, need be stored in a 'Home Folder'. These apps are not to be used at school.
- We recommend setting up 'Screen Time' for iPad use at home. You can set up Downtime, App Limits and Content & Privacy in Screen Time settings with the limitations that you want for your child.

See QR Code for more information.

For your information:

The following settings will be **adjusted at school** to ensure the device is set up optimally for learning:

Enable – <i>AirDrop</i>
Enable - <i>Multitasking Gestures</i>
Disable – <i>iCloud Storage and Photos</i>
Enable - <i>Speak Selection</i>
Turn off - <i>Background refresh</i>
Enable - <i>Predictive Text</i>
Enable – <i>Dictation</i>

**For additional support:**
